1. Welcome and setting the scene for the seminar.

2. Introduction of participants

Objective of the session:
Meet participants of the Seminar and learn about their role and experience with INTOSAI standard setting.

Guiding questions:
- Who are you?
- Who do you represent (WG/SC/WSs), and how has your group contributed to the standard setting activities of INTOSAI (especially in the last three years)?
- How are you involved in the practical application (implementation) of standards in your SAI?
- What drives you to engage in INTOSAI’s standard setting processes?
- Do you have experience of working with other standard setters?

3. Current roles and responsibilities in INTOSAI standard setting

Objective of the session:
Level knowledge of all participants on current roles, responsibilities and processes in INTOSAI standard setting; reflect on current experiences, lessons learned and areas for improvement.

Guiding questions:
- What is the history of our current organizational set up and standard setting process?
- Is there a need to bring about changes in the current process, and if so where eg. in due process, drafting conventions working procedures, etc.?
- For those with experience in other standard setting bodies, is there any positive measures which can be adopted in our current framework?

Presentations:
1. How the goal chairs work together, and their governance of working groups and FIPP
2. History of INTOSAI standard setting. Successes and challenges. The issues FIPP was established to solve
3. Presentation of current INTOSAI standard setting process.
4. Presentation of FIPP’s current working procedures, and lessons learned
5. Other standard setters. What can we learn from them?
3 DEC - TUESDAY 9H00 - 12H30

1. Roles and responsibilities in INTOSAI standard setting - Looking Forward
   **Objective of the session:**
   Discuss with peers within the groups involved in the standard setting process in INTOSAI how the groups see their role and main responsibilities in the process.
   Validate general roles and responsibilities with other groups in plenary.
   **Guiding questions:**
   How can we improve standard setting process in INTOSAI? What are the main groups’ roles, their mission and main activities?

2. Strengthening the IFPP
   **Objective of the session:**
   Collectively identify main strengths and weaknesses of the current framework.
   **Guiding documents:**
   - FIPP’s input to the SDP 2020-2022
   - SDP 2020-2022
   - IFPP

3 DEC - TUESDAY 14H00 - 17H30

1. Strategic Development Plan (SDP) 2020 - 2022
   **Objective of the session:**
   Understand the plan for the next three years, and the vision that underpins it..

2. Planning for component 1 of the SDP
   **Objective of the session:**
   Understand PSC’s preliminary analysis of issues in the IFPP that could help guide the review, general definition of timeline and tasks for the completion of component 1.
   **Issues to cover:**
   Facilitate ISSAI compliance
   - inconsistencies in drafting ISSAI principles and standards
   - status of explanatory material complementing the requirements
   - the meaning of principles-based standards
   Facilitating ease of use

3. Conclusion of the seminar
   Agreement on way forward
