23 January 2014

Dear colleagues,

Our ref.: 2013-1553-23

As chairman of the INTOSAI Professional Standards Committee, I am pleased to inform you that Mr Hassan Khalifa Al Jalahma, President of the National Audit Court of Bahrain, has generously offered to host the 11th meeting of the Steering Committee of the INTOSAI Professional Standards Committee on 19 – 22 May in Manama, Bahrain. Please note that this year's meeting has been extended by ½ a day to allow sufficient time to discuss the future of INTOSAI's standard-setting activities.

For some of you this meeting represents an opportunity to revisit the beautiful country of Bahrain, as the Steering Committee also convened here in 2007, but for others it will be an exciting first encounter.

Attached to this invitation, please find a registration form and hotel booking form, including practical information about visa requirements, transportation, etc.

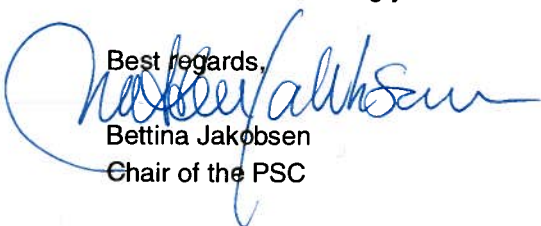

The registration form should be returned to psc-bh-2014@nao.gov.bh with a copy to mem@rigsrevisionen.dk no later than 27 February 2014.

You are kindly asked to forward the hotel booking form directly to the hotel at your earliest convenience and no later than 27 February 2014.

All material relevant to the Steering Committee meeting will be forwarded directly to you, but will also - for your convenience and easy access – be posted on the PSC website.

I look forward to seeing you in Bahrain.

Best regards,

Bettina Jakobsen
Chair of the PSC
