Minutes from the PSC Subcommittee meeting 05/02/2021

Discussion topics

- ▣ Design clear processes and roles in the standard setting process;
- Role of the PSC Chair: more proactive – come up with timely solutions to crosscutting issues and give general directions;
- Subcommittee - project coordinator, expert/expert group - owner of the project;
- Coherence and presentation of the pronouncements – improve overall quality;
- Resources: how to mitigate waste of resources in the standard setting process?
- Improve the planning process, incl. template for project proposal with roles of the project group members to optimize use of resources;
- Motivation - how to boost? Key stakeholder synchronization – teamwork?
- Translation of comments of the exposure period – how to help WGs that struggle with translations;
- Schedule regular subcommittee meetings online;
- Communicate on the TSF's work regularly.
