New candidates for FIPP

A moment of change in standard-setting

- Three positions vacant at end 2018
- 16 Applications received
- Eight candidates to be interviewed early October 2018

New candidates for FIPP

Interview process including candidate's vision for FIPP

- i) How the framework should evolve, and the principles that should underpin this development;
- ii) How FIPP should contribute most effectively to this process; and
- iii) How you as a member of FIPP will contribute to ensure it works coherently and efficiently, considering in particular the nature of FIPP, which is a group of professionals, from different organisations, that meets normally only three times a year.

New chair for FIPP

FIPP: Gateway to the IFPP

- Current chair will retire at end September 2018
- Three Goal chairs are running the selection procedure
- Preference is to seek a suitable candidate among the current FIPP members – this will lead to a smoother transition.

Thank you!
